

Relevant Rules

The University informs students about the provision of a set of regulations in terms of academic and non-academic standards. The UZSWLU's policies explicitly articulate clear guidelines regarding plagiarism, ethical behavior, and intellectual honesty. The information about a set of rules and regulations is imparted in the official website of the University, the learning management system that is adhered to throughout the educational processes within the University (HEMIS) and course programmes as well as course syllabi, which are annually renewed and easily accessible.

The university strives to ensure that its policies and rules are clearly outlined and readily accessible to all students. To achieve this, the university employs various means to effectively convey its policies to students. Firstly, the policies are prominently featured in each student's HEMIS platform (<https://hemis.uz/yoriqnoma/>). The login and password of the cabinet are given to every student. This platform contains comprehensive information about the university's rules and regulations, including academic policies, code of conduct, schedule of lessons, and guidelines on ethical behavior. In addition to the HEMIS platform (<https://hemis.uz/>), the university also maintains an updated and user-friendly website where students can easily access detailed information about university policies. The website includes a dedicated section specifically addressing university rules and regulations, which is regularly updated to reflect any changes or additions. <https://www.uzswlu.uz/en/standards-of-etiquette-for-university-students>; <https://www.uzswlu.uz/en/departments-of-student-affairs>.

It is a prestigious institution dedicated to the study and promotion of various world languages and cultures. As for consistency in policy application, the university strives to maintain uniformity across departments and programs. However, discrepancies or variations may arise due to factors such as different interpretations of policies by faculty members or varying levels of administrative oversight. Such discrepancies could potentially impact students' experiences by creating some difficulties in accessing to resources, or opportunities for academic and extracurricular involvement. To mitigate these issues, the university continually evaluates its policies and practices, aiming to ensure fairness and equity for all students. <https://www.uzswlu.uz/en/departments-for-working-with-applications-of-natural-and-legal-entities-control-and-monitoring>.

The university regularly reviews and revises its rules and regulations through specific mechanisms designed to ensure relevance and effectiveness. These mechanisms include periodic assessments by faculty committees, feedback from students and stakeholders, benchmarking against international standards, and

collaboration with industry partners to identify emerging trends and skills requirements. By staying attuned to the dynamic landscape of education and the needs of its students, the university maintains its reputation for delivering high-quality and responsive educational experiences. <https://www.uzswlu.uz/en/department-for-working-with-applications-of-natural-and-legal-entities-control-and-monitoring>.

The university ensures that students' rights are clearly defined and protected across various aspects of their academic journey. (LINK) This includes provisions to safeguard students' access to resources such as libraries, and academic and social support services. Moreover, the university places a strong emphasis on fair evaluation, ensuring that assessment processes are transparent, consistent, and unbiased. Privacy rights are also prioritized, with measures in place to safeguard students' personal information and confidentiality. Additionally, the university champions academic freedom, providing students with the autonomy to explore diverse perspectives, express their ideas, and engage in critical discourse within a respectful and inclusive environment. By upholding these principles, Uzbekistan State World Languages University fosters a culture of respect, integrity, and excellence, empowering students to thrive academically and personally. <https://www.uzswlu.uz/en/standards-of-etiquette-for-university-students>; <https://www.uzswlu.uz/en/managing-scientific-research-activity-of-bright-students>

The institution's rules and regulations are carefully crafted to align with these ethical principles and promote integrity throughout the academic community. The university's policies explicitly articulate clear guidelines regarding plagiarism, ethical behavior, and intellectual honesty. Students and faculty members are expected to uphold these standards in their research, writing, and interactions within and outside the university <https://uzswlu.uz/ilmiy-tadqiqot-faoliyati>.

Specifically, the university has robust measures to prevent and address plagiarism, including educational initiatives to raise awareness about proper citation practices and consequences for academic dishonesty. Additionally, ethical behavior in teaching and professional conduct is emphasized, with guidelines outlining expectations for fair treatment of students, colleagues, and research participants. The University fosters a culture of intellectual honesty and integrity, encouraging open dialogue and the free exchange of ideas while respecting academic and professional boundaries. By promoting adherence to ethical standards, the university cultivates an environment conducive to scholarly inquiry, innovation, and excellence. <https://www.uzswlu.uz/en/standards-of-etiquette-for-university-students>.

In an academic context, relevant rules that meet quality requirements are clearly defined, consistently applied and effectively communicated to all stakeholders. These rules ensure fairness, integrity in assessments, ethical research conduct, equitable access to resources, and a supportive environment. As a result, they foster a conducive and standardized academic experience for all participants.

The key points are clearly defined, consistently applied and effectively communicated rules. This creates a conducive and standardized academic experience for all.

Besides, teachers are not permitted to conduct final examinations for their groups in order to be fair and objective, so the other instructors/teachers are allowed to check and mark students' knowledge. That will show the fairness of assessment and the consistency also meet quality requirements. The university demands that all the students' marks be announced in HEMIS, and after entering the grades and points, no one can change or update the results of the courses and modules.

The university administration and the heads of faculty and departments will pay attention to the consistency of the programs and examinations in terms of validity and reliability.
